# The 2nd Annual LION Winter Global Videoconference Broadcast

Wednesday, December 9th, 2009  
(Timing: GMT+1)

Organized by the LION Foundation

The 2nd LION Winter Videoconference will focus on "*Myringoplasty: How we do it*". Various indications and surgical techniques in tympanic membrane repair will be discussed by combining case presentation, live surgery, and panel discussion. Leading otologists have been invited throughout the world to explain and demonstrate their surgical techniques via the LION Network. The moderating team located in Utrecht will facilitate active discussion to encourage international exchange of knowledge and ideas in this field. You can follow this event via the LION website and interact with the surgeons and moderators. Further information and a final program will be available online. We look forward to your participation in this global event of Quality Continuing Medical Education through videoconferencing technology.
